# KUEHNAST LECTURE

## *Divine Wind: The History and Science of Hurricanes*

Dr. Kerry Emanuel, Professor of Meteorology, MIT, Cambridge, MA

### Abstract:

**Hurricanes have inspired literature and art through the ages and changed the course of history. Dr. Emanuel will discuss the science of hurricanes and their role in human history, including the overall risk posed by these storms today and in future climates.**

**Thursday, October 18, 2007  
3:30 PM**

**Room 335 Borlaug Hall  
Saint Paul Campus**
